

November 12, 2015

Westfield Economic Development Staff:

As President of the Downtown Westfield Association (DWA) I am writing this letter of support for Riverview Health's proposal (Larry Christman), on behalf of the Grand Junction Task Group (GJTG).

The GJTG met Tuesday November 10, 2015 at the DWA office, 211 South Union Street. There were 19 members present to review Mr. Christman's proposal in building a new Health Center at State Road 32 (Main Street) and U.S. 31.

After review and some discussion the group was in support of the plans presented. There were no concerns or unanswered questions.

I am happy to answer any questions you have and appreciate the opportunity to submit this letter on behalf of the GJTG.

Teresa Otis Skelton, President
Downtown Westfield Association
